mommabuji This makes me so sad. Both of my kids are Badger alums and had the best college experience at UW. I'm soo sorry that the current students are not able to have the true Wisconsin experience. 😞

sarah.cheney @uwmadison are you going to protect your BIPOC on campus or let a dangerous employee keep taking advantage of their power on campus? This is horrifying and I can't believe he remains a paid staff on campus. You should be ashamed of yourselves
